PRICE 10 CENTS

200 Now At School

The Andover Summer School's
final enrollment figures show that
200 pupils have registered for 276
courses, which represents a 39
percent increase over last year.

The entire cost of this program
is covered by the tuition fees.
Breakdowns in these totals indicate
that 58 pupils have enrolled in
reading courses, both developmen-
tal and remedial. Two new courses
were offered for fifth and sixth
graders this year, these being
remedial reading which has 15 stu-
dents and remedial arithmetic,
which has 10.

Course enrollments are as
follows:

Remedial Reading, 5th and 6th
grades, 15; Remedial Reading, 7th
through 12th, seven; Developmen-
tal Reading, 7th through 12th, 36;
Remedial Arithmetic, 5th and 6th,
13.

Mathematics 7, 18; Mathematics
8, 12; Algebra I, 43; English 7 and
8, 12.

Creative Writing, seven; French
1, 14; Personal Typing, 58; Driver

French Students Coming Aug. 3

Eleven French young people will
arrive in Andover Aug. 3 for a one-
month stay.

Arrangements for their trip to
the States have been made by the
Experiment in International Living,
Putney, Vt.

The group leaves France July 19
on a flight to New York. From
there they will go to the State Uni-
versity of New York at Oswego for
a short period of study, orientation
and a look at American campus life.

The homestay portion of their
visit is the part most stressed by
the Experiment, in arrangements,
it makes for students in more than
30 countries. This link with family
life is considered the fastest way
to establish the sort of personal
relationships that contribute to
understanding.

The French group's leader,
20-year-old Jean Domain, will live
in the home of Mr. and Mrs.
Charles Farrington, 19 Argyle st.
Mrs. Farrington is community
chairman for the Experiment's
activities in Andover.

Domain is an engineer and has
just completed work for his
Masters Degree. The students in
his group range in age from 18 to
22. Most of the boys are interested

HONORED FOR SERVICE - Miss Alice Barrett, 102 Chestnut st., was honored by The Insurance Companies on the 40th anniversary of her association with the firm. She received an engraved gold charm bracelet from Edward C. Nichols, president of the Companies. She has served with the firm longer than any other woman employee, joining the firm on graduation from Punchard High School. She is now cashier of the Companies.

Playground Outing Is Scheduled August 1

The annual playground outing
will be held Aug. 1, at Canobie
Lake.

Buses will leave Andover play-
grounds at 10 a.m.

Director George Snyder warned,
however, that children eight years
old and under must be accompanied
by an adult.

Tickets for the eagerly-awaited
affair may be secured at the play-
grounds, starting next Monday.

Today will also be a big day at
the playgrounds, with tournaments
starting in varied fields - ping
pong, chess, bean bags, checkers,
and many others.

Special activities are also sched-
uled during the remainder of the

week.

Ballardvale will sponsor a hat
show tomorrow at 10:30; Indian
Ridge has a baby picture contest
this morning at 11; Central stages
a bicycle show, with doll carriages
and carts too, at 11 tomorrow
morning; Shawshen plans a hat
show Friday at 10; and West Center
will have a talent show tomorrow
morning at 11.

Last week, the playgrounds ran
special activities.
Central's pet show produced the
following results: gold ribbon,
Patricia Connolly; cutest pet,
Stephen Castagnino, Jack and Susie
Wilson and, third, Barbara Hamil-
ton; prettiest cat, Marsha Ander-

HOUSES SHOULD BE PROPERLY NUMBERED

Fire Chief Henry L. Hilton
has appealed to homeowners
to number their houses pro-
perly.

Ever since the changes in
street numbers, the depart-
ment has had occasional
difficulty in finding a house,
because the number has not
been changed and is out of
order. He noted that one such
case happened last week,
when a house numbered five
was several houses away
from, and on the wrong side
of, number nine. Searching
for a house, when an emer-
gency exists, is a serious
matter, he stated, in asking
for public cooperation.

Allow Dancing On Plaza Lot

The Selectmen have given
approval to a square dance, sche-
duled for July 19, at the Shawshen
Plaza parking area.

After first indicating disapproval
of the dance, between 8 and 11 p.m.,
the Board changed its mind.

Chairman Eugene A. Bernardin
Jr. said Board members consulted
over the telephone Tuesday night,
following receipt of information
that the local Square Dance Club
had requested use of the premises
for the purpose.

At Monday night's meeting, the
Board had received a letter from
Elm Farms, stating that the dance
would be held, and promising to

Selectmen Approve More Parking Area

The Selectmen have approved the
creation of eight parking places on
Riverina rd. and have turned
thumbs down on metering the mall
in Shawshen.

The Riverina rd. parking spaces
will be made along the fence, on
the river side. Four will be angle
parking, and four parallel spaces
will be created along the fence,
across the street from the first
two houses.

This is the only economical solu-
tion to parking on the street, Town
Manager Thomas E. Duff reported.
He explained that moving the fence
closer to the river, and making a
parking lot, would be prohibitive.
This request had been received
several weeks ago from C. P.
Woodworth, who said he does not
have any space available for
parking for his tenants.

After approving the parking
area, the Selectmen promptly ruled
out a suggestion to put all-day or

The Planning Board will meet
July 24 to consider final plans for
the town's first cluster zoning pro-
ject off Woodland rd.

The Board put off a decision
Monday night, to give the developer
a chance to include some drainage
changes in his plans. The plans
are being studied by Camp,
Dresser and McKee to see what
changes may be required.

Richard Moody of Suncrest rd.
appeared before the Selectmen
Monday night to discuss the
drainage and to talk about widen-

also exists there, he told the Board,

Mayor Of Andover Sends Her Greetings

The editor of the Townsman has
received a friendly note from the
mayor of Andover, England, Mrs.
Brenda P. E. Machin. It says:

"Thank you so very much for
sending me the copy of your news-
paper in which you announced my
election as mayor. It is a charming
write-up and I am very grateful.
Actually I did hear from one of your
residents and appreciate it very
much.

"It would certainly be wonderful
if I could visit your town during
my year of office, but I fear that
the cost of the trip would be
prohibitive.

"May I reiterate my good wishes

Discussed Chances Of New Interchange

An interchange in Lowell
Junction was discussed Tuesday
afternoon in the State Department
of Public Works offices in Boston.

Industrial and Development Com-
mission Secretary Joseph Doherty
and Town Manager Thomas E. Duff
attended the session, which had
been called by a group interested
in developing an area in the Wil-
lington-Tewksbury-Andover sec-
tion, which is currently without
access to Route 93.

The group is primarily interested
in a motel, but also talked about
several other buildings of a com-
mercial and manufacturing nature.
They also indicated that they would
have considerable interest in a
sort of large semi-circular access
to the highway, similar to the rest
area roads.

Although the discussion centered
around the access and problems
involved in getting state and federal
approval, it is understood that the
conversation covered about the
same topics that have been covered
before with the state.

DEMERS - ROBERGE
Miss Marilyn L. Roberge, daughter of Mrs. Roger E. Roberge, 15 Blinney st., and Albert R. Demers, son of Mr. and Mrs. Albert P. Demers, 10 West Kenneth st., Lawrence, were married recently at a 10 o'clock ceremony in St. Augustine's Church.

The bridegroom's cousin, the Rev. James F. Degnan, officiated and conferred the Papal blessing.

Miss Mary F. Lanigan presided at the organ and accompanied the soloist, George Comtois. The altar was banked with arrangements of white and pink gladioli.

The bride was escorted to the altar by her brother, Roger P. Roberge, and was preceded by her sister, Miss Patricia Roberge, as maid of honor.

The bridesmaids included Janet Martin of North Andover, cousin of the bridegroom, Louise Douquette of Lawrence and Arline Demers of Lawrence, cousin of the bridegroom.

The bride's cousin, Andrea Eldred of Andover, was flower girl. Paul Douquette of Lawrence was best man and the ushers were Raymond Desharnis of Lawrence, cousin of the bride; Alfred Wholley of Methuen and Robert Chenard of Lawrence, cousin of the bridegroom.

For her wedding, the bride chose a gown of nylon sheer over taffeta with a jewelled Sabrina neckline and a bouffant skirt fashioned with lace appliques. Her triple tier French illusion veiling was held in place with a jewelled Queen's crown. She carried a white bridal bouquet.

The maid of honor wore a blue silk organza outfit and the bridesmaids were similarly attired in orchid, rose, and yellow gowns with accessories to match.

"Do It-Yourself" Private Enterprise

What KIND of business is a consumers' cooperative?

A cooperative is one of three different kinds of businesses.

1. The most common kind of business in this country is privately owned. Anyone may risk his shirt by starting a business for the purpose of making a profit. In the grocery business, the trend is to chains owned by unknown outsiders.

2. A second kind of business is governmental; either government-regulated (like utilities) or government-owned and operated. These are socialistic and monopolistic. Lack of competition and lack of individual incentive tend to make government-operated businesses inefficient.

3. A consumers' cooperative exists when consumers get together to operate a business on a "do-it-yourself" basis. Do-it-yourself is in the finest American tradition. Such an enterprise is mutually owned and controlled. In our case, ownership is by over 2500 of your friends and neighbors. Control is strictly democratic - also in the best American tradition. Its purpose is not to make a profit but to serve the consumers in this area efficiently and economically.

You too may want to participate in this unique and mutual Andover institution. The procedure is simple and advantageous - for you. See Mary Angus.

Neunzers Entertained County Bee Keepers

The Essex County Bee Keepers Association met at the home of Mr. and Mrs. Henry Neunzer on Woburn st., Sunday, for the regular monthly meeting.

Among business matters discussed was the subject of the Association's exhibit at the Topsfield Fair in September. After the meeting, the 40 members and guests toured the area and inspected Mr. Neunzer's hives.

Mr. Neunzer is a delegate to the state Federation of Bee Keepers Associations, representing Middlesex County.

LT. DAVID C. TOMLINSON

Army Second Lt. David C. Tomlinson, whose wife, Louise, lives at 148 Salem st., completed the supply officer course at The Transportation School, Fort Eustis, Va., June 29.

During the five-week course, Lt. Tomlinson was trained to direct and supervise the receipt, storage and issue of Transportation Corps supplies and equipment.

He entered the Army in July, 1960, and was last stationed at Fort Bragg, N. C.

A member of Alpha Chi Rho fraternity, the 23-year-old officer is a 1956 graduate of Phillips Academy and a 1960 graduate of Dartmouth College in Hanover. His parents, Atty. and Mrs. Walter C. Tomlinson, live at 57 Cheever cir.

Miller Serving Aboard "Boxer"

The amphibious assault ship USS Boxer served as flagship for Amphibious Squadron 10 during amphibious exercises, known as PHIBULEX 2-61, June 21, conducted in Caribbean waters off the coast of Puerto Rico.

Serving aboard the ship is George W. Miller, fireman, USN, son of Mr. and Mrs. Carlton W. Miller, 18 Fletcher st.

Helicopters from the Boxer landed troops behind the beachhead, while landing craft loaded with Marines and supplies from the other squadron ships approached Vieques Island from the sea. This "dual attack" is the principle of vertical envelopment, the newest concept of amphibious warfare.

The squadron's participation supplemented the landing of the Eighth Marine Expeditionary Unit on the island by helicopters and amphibious landing craft.

Family Reunion Held Recently
It was a gay holiday weekend, over July 4, at the home of Mr. and Mrs. Richard W. Abbott, 8 Howell dr., who entertained Lt. Cmdr. and Mrs. Eric Tice-Fisher and family of Ottawa, Canada. Mrs. Fisher and Mrs. Abbott are the daughters of Mr. and Mrs. Arthur W. Jones, 128 Main st. It was the first family reunion in over ten years and an especially happy occasion for Mr. and Mrs. Jones to enjoy their seven grandchildren together for the first time. The Fishers have four children - Sara Anne, Stuart, Christie and Colin.

ANNOUNCEMENT

We take great pleasure in announcing that Mr. Frederick W. Bradley of Andover, Massachusetts, has become associated with our organization.

We have made Mr. Bradley Executive Vice-President of the Real Estate Department and he will devote the greater part of his time to sales and management of that Corporation.

Mr. Bradley has been associated with National College Program, Inc., of Boston, as Vice-President. Prior to his affiliation with National College Program, Inc., he was with National Starch and Chemical Corporation, New York, N.Y., serving in various executive capacities, including that of Manager of the New England Division.

He is a graduate of The Wharton School of Finance and Commerce of the University of Pennsylvania. He has resided in Andover for the past fifteen years, and currently lives at 7 Central Lane. He is married to the former Mary Elizabeth Washbaugh of New Wilmington, Pennsylvania. They have two children, a daughter, Susan, and a son, Frederick W., Jr.

For over fifty years we have rendered service to the people of Greater Lawrence in Real Estate, Appraisals, and Insurance. It is our firm belief that Mr. Bradley will be most helpful in carrying on the same high standards and service which we have rendered in the past.

Special Exhibit At Addison Gallery

"Art History for the high school" is the broad theme of the special summer exhibition at Phillips Academy. The exhibit continues until Sept. 25.

"Despite the obviously useful role which teaching machines may be expected to play in the coming years," comments the director, Bartlett H. Hayes Jr., "the relationship between teachers and students and the direct contact with nature and with art will become increasingly important in American education. Both science and art museums will have to learn better ways to permit all students, not just a talented few, to become involved with objects at first hand."

With the title "Significant Forms - The Changing Character of Western Art," the present exhibit is designed for the entire student body of the Phillips Academy Summer Session, not merely for those who are especially interested in art. Consisting of some three dozen treasures, painting and sculpture, almost every important change in human artistic attitudes during the past 5,000 years is represented by a work of art, the style and quality of which is appropriate to the change. For example, "Apollo and Daphne" by Veronese, lent by The Fine Arts Gallery of San Diego, Cal., demonstrates the spirited nature of Venetian society in the 16th century, while "Lictors Bringing Back to Brutus the Bodies of his Sons," lent by the Wadsworth Atheneum, Hartford, Conn., interprets the classic enthusiasm which gripped the Napoleonic empire a little more than a hundred years ago, to be followed by the artistic revolution sparked by the prevailing interest in scientific analysis of the late 19th century, illustrated by "River Bank" by Cezanne, lent by the Rhode Island School of Design, Providence, and, later, by a collage, "Violin," by Picasso, lent by the Philadelphia Museum of Art.

Sculpture complements the pictorial evidence that change is to be anticipated with the passage of time and, therefore, that it is unreasonable to expect modern art to be like any art of the past. The earliest example in the exhibition is a limestone relief representing "Bowmen of the King's Bodyguard," believed to have come from the great pyramid of Cheops at Gizeh in Egypt, lent by the Museum of Fine Arts, Boston, and, in marked contrast to it, the latest work is a bronze abstract form executed last year by the English sculptor, Henry Moore, lent by M. Knoedler & Co., New York.

Loans have also been graciously made by French & Co., and Wildenstein & Co., both of New York City; Adolph Loewl Co., Los Angeles, and the Swetoff Gallery of Boston, as well as by private collectors and various museums throughout the country.

The exhibition is open free to the public throughout the summer until Sept. 25, weekdays from 9 to 5, Sundays 2:30 to 5. The Gallery will be closed Labor Day weekend.

Meters Take In Small Amount

"They're expensive no-parking signs".

That's Police Chief David L. Nicoll's opinion of the off-street parking meters on the Shaw property, and of meters along Punchard ave.

He told the Selectmen Monday that little money is taken in from the meters, but noted that all-day parkers would move up to the front of the Shaw property immediately, if the meters are removed.

He was reporting to the Board, following a suggestion from member Russell G. Doyle that the meters in the municipal area might well be removed.

During the discussion, it was remarked that plans now exist for a shopping area to the south of the parking lot. With this in mind, the Board decided not to make any changes until the effect of this proposal can be weighed.

Elm Was Hit By Lightning

A stately 60-foot elm tree in front of the home of Mr. and Mrs. Raymond Taylor of Bellevue rd. was badly damaged by lightning Monday evening.

Bark was peeled from the tree from about five feet from its top to the ground, in a long strip. Pieces of the bark, small branches and debris was littered around the area and on neighbors' lawns. No other damage was reported from the thunder storm, however.

Jerry Stewart of Virginia rd. left Sunday for Camp Waldron, Lake Winnisquam, N.H., where he will spend the summer months. Mrs. James McNulty of Shaw-sheen rd. left recently for a summer vacation with relatives in Scotland.

Allow Hill Pit With Restrictions

Special restrictions are being adopted by the Selectmen to control a gravel pit on the easterly knoll of Wood Hill.

In deciding to grant the permit for removal of some 450,000 yards of fill, the Board has also agreed that the operator of the pit must pay the cost of supervision of the pit, which overlooks Haggett's Pond.

for the permit, but the DeMatteo Construction Co. is the firm desiring to obtain the material for a section of Route 495 in West Andover.

Among the special restrictions is the provision that all top soil and loam be stripped before any excavation begins; this material must later be returned to the area and planting must be done by the operator.

The stockpiling of material must be done in such a way that all runoff from the area, during the period of excavation, will be diverted from Haggett's Pond. The finished grade, the restrictions continue, must be such as to allow all runoff from the area to flow into the Pond.

The Selectmen have voted, after considering this request favorably, to deny another, involving the Haggett's Pond stilling basin area. The latter request, covering about 7.3 acres, has been before the Board for some time. Members agreed that this area is too close to the Pond, and that controls over it might be either too restrictive on the operator or, on the other hand, might not be stringent enough to avoid problems with the town's drinking water.

Decision Pending In Truck Case

Any decision resulting from the Board of Appeals hearing July 6, at which Joseph W. Hoffman sought to gain permission to park his truck at his home on Marilyn dr., may be some time away.

The Board took the case under advisement, a customary practice after a hearing, and will report when its members reach agreement and a decision is reached.

Mr. Hoffman wants to park his panel truck at the residential address, and his attorney, Burton Shaker, outlined pertinent legal points relating to how the Board may have jurisdiction over the case.

Atty. Arthur Harper appeared for Mr. and Mrs. Earl Setterblade, who originally brought court action to prevent Mr. Hoffman from parking the truck at his house as a violation of the zoning by-law.

It was reported at the hearing that several persons in the area have no objection to parking the truck, under specified conditions. Mr. and Mrs. Setterblade were opposed to granting the approval.

abide by any regulations the town had on activities of this nature.

Board members indicated their individual disapproval of the idea, but decided to wait for additional information before making it official.

When it was discovered that the Club had actually sought out the premises, instead of the affair being a strict promotion by the Plaza, Board members felt that it could be allowed.

On Monday night, they had mentioned the possible noise from extra loud speakers, the lights and traffic conditions as being objectionable. There also had been some mention of whether the area would, in effect, become a recreational center instead of a shopping center, if such activities are allowed.

ROBERT A. DuLONG

Robert A. DuLong, formerly the assistant sales promotion manager of Westinghouse Electric Corp.'s Appliance Divisions, Mansfield, Ohio, has been appointed presentations manager at Avco Corporation's Research and Advanced Development Division in Wilmington.

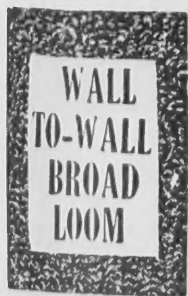

Mr. and Mrs. DuLong and their three children, Charlene, 6, Lorraine, 4, and Darryl, 2, expect to move into their new home at 6 Remie dr. later this month.

DuLong, a native of Medford and a graduate of Boston University, College of Business Administration, class of '52, will plan and execute marketing presentations of Research and Advanced Development Division capabilities to government and industrial customers. He will also advise and assist in the preparation of other marketing programs in support of current contracts and future proposals.

Avco RAD, a prime contractor in the development of re-entry vehicles for the U. S. Air Force Titan and Minuteman intercontinental ballistic missiles, also produces advanced industrial testing devices and has projects underway in a space age research ranging from the development of high-temperature materials and specialized communications equipment to preliminary studies for a rocket ship capable of transporting a three-man crew to the vicinity of the moon.

They Read It Everywhere!

The Townsman is travelling all over the world - even into Russia. A friendly letter from Mrs. Carol Forsythe Watts, who now lives in Spenard, Alaska, was received recently. In commenting that she has always been "a faithful reader of the Townsman", Mrs. Watts notes that the old copies of the Townsman are being sent to her father, who is working in Russia. She concludes: "Best wishes for greater circulation from the 'last frontier' - the 49th state."

EDITORIAL THOUGHTS

Face The Facts

We hope it is possible for the committee of laymen, which is studying the educational, economic and construction problems associated with the 6-3-3 and the 6-2-4 systems, to come up with a long-range plan this fall — and that the School Committee will take whatever prompt action is required to implement the plan.

Reports during the past few weeks indicate that construction may be necessary in both the junior and senior high schools; or alternately, that the high school must be expanded or a new structure built.

Much of this work may have to be accomplished by 1965 — only a few short years away when one considers the time it takes to prepare plans, appropriate funds and construct buildings.

Taxpayers in the community may not like the prospects of paying for this additional space; but they must face the facts, and be prepared to adopt reasonable plans. It looks as though we must do this sooner than many anticipated, perhaps by the time the new elementary school is completed on Lovejoy rd. in September of 1962.

No Director Yet?

Several weeks have gone by, and we have yet to hear any further recommendations for a recreation director.

The last time Town Manager Thomas E. Duff recommended a man, the Selectmen did not approve the appointment, and Mr. Duff began looking again.

There has been no noticeable action.

And if there is nothing done on this policy level, then it follows that planning for the fall and winter program will be seriously hampered or made impossible. For it is impractical to expect an appointee to walk into town and produce a workable plan, without first having time to get acquainted, to become familiar with the community's requirements.

Some prompt action is needed here; not delay and disagreement.

Down the Years with The Townsman

50 Years Ago — July, 1911

Lester Towne has gone to Boxford, where he will be employed during the summer.

A bottle of gasoline, standing on a window sill in Mrs. J. H. Thompson's house on Chestnut st., started a celebration of its own Tuesday afternoon. The hot rays of the sun shining on the bottle caused it to explode. It blew out one side of the shed, destroyed four or five doors and splintered a big oak chest.

A horse owned by a Lawrence candy dealer succumbed to the heat on Main st. Wednesday afternoon. The temperature was 104 degrees — in the shade.

The Charles C. Stickney house in Ballardvale was struck by lightning last night and the roof was badly burned.

The pond in the park on Bartlet st. was flushed out Wednesday night by the fire department.

Clarence Auty and Phillips G. Morrison were listed on the first honor roll at Phillips Academy.

Scott T. Shattuck, the well-known expressman, has rented the stable owned by John Hickey on Elm st., and will keep his horse there in the future.

25 Years Ago — July, 1936

The American Woolen Company is still far and away the largest taxpayer in the community. The combined tax bill, for real and personal property, is \$67,027.92. Next highest is the Lawrence Gas and Electric Co., with a bill of \$28,444. At present, all the personal property bills are in the mail and the real estate tax bills will be sent out next week.

Fire caused an estimated \$3,000 damage at the Thomas Platt house on Bancroft rd. yesterday noon. Officials estimated the fire had been burning for about three hours in the closed dwelling before it was noticed by a neighbor. The intense heat resulted in extensive damage.

Officer William R. Hickey has been appointed night sergeant, taking the place of Sgt. Saunders during his vacation. Hickey probably will continue in the post for another two weeks while Sgt. Saunders fills in on the day shift for Chief Dane.

The Board of Registrars will meet three times this month and three times in August, preparing for the primaries scheduled in September. Any eligible resident should register at these sessions.

The block party in Ballardvale was a huge success on the Fourth of July.

10 Years Ago — July, 1951

More than 7,500 people swarmed to Pomp's Pond last week, to enjoy the new facilities provided this year, and to relax from the pressure of the heat wave that has plagued the area.

Approximately 5,000 tax bills have been mailed out — with 1,000 of these being personal property bills. The real estate tax this year is \$40 per thousand of valuation, more than it has ever been.

The Board of Public Works has just about completed its summer program of tarring, using 78,000 gallons of tar in the process.

Meters will be installed on Punchard ave. just as soon as the lines are painted on the newly-surfaced street.

A group of West Andover citizens, headed by John Greenwood, has asked the Selectmen to make available the North District School for meetings of a civic association in the area.

Only a small crew manned the pumps of the hand tub "H. Bradford Lewis" at the muster in Newburyport last weekend, and the local entry was way out of the money as a result. Volunteers are badly needed by the Hand tub association, and those interested may apply at the fire station.

Close to three million dollars in new construction is now going on in town. This includes the new schools, housing and the Phillips Academy gym.

Mr. and Mrs. Ernest Comeau have returned from a trip to New Brunswick, Canada, where they were called by the serious illness of Mrs. Comeau's sister.

Carl Waranowski of Ipswich has returned to his home after spending several days with his grandparents, Mr. and Mrs. Everett Boutwell of High Plain rd.

MRS. MARGARET DOONAN
Mrs. Margaret (McSweeney) Doonan, widow of John Doonan, 37 Duffon rd., died July 7 at the D'Youville Nursing Home in Lowell, after a short illness.

She was born in County Cork, Ireland, and attended St. Augustine's Church and Sacred Heart Church in Woonsocket, R.I., where she was active in the Rosary Sodality for many years.

She is survived by four sons, William M. of New Britain, Conn., Peter L. of Hackensack, N. J., Edward J. of Ardsley-on-Hudson, N. Y. and Charles P. of Barrington, N. Y.; five daughters, Mrs. Mark E. Redfern, Cornelia, wife of Don P. Scott and Kathleen L. Doonan, all of Andover, Anne, wife of Kenneth J. Crandall of Lowell and Nora, wife of Richard J. Himmer of Pompano Beach, Fla.; two sisters, Mrs. Michael Russell of Somerville and Mrs. James Lucey of Ireland; a brother, William McSweeney of Somerville; 22 grandchildren and several nieces and nephews.

The funeral was held Monday from the Kilcline Funeral Home, Woonsocket, R. I., with a solemn high Mass of requiem at 11 a.m. in Sacred Heart Church, Woonsocket, R. I. Burial was in St. Charles Cemetery, that city.

RAYMOND G. MOWAT

Raymond G. Mowat, 104 Pine st., died suddenly at his summer home at Hampton Beach, N.H., July 6, after a coronary attack. He was vacationing at the beach.

A native of North Andover, he was born Feb. 4, 1901 and had been a resident of this community for 23 years. He operated the Mowat real estate office and was also employed as a salesman for the Hatmarket Hardware Corp. of Boston.

He was a member of Christ Church and Cochichewick Lodge, A.F. and A.M. of North Andover. He was a 32nd degree Mason, and was a member of Lowell Lodge of Perfection, Rose Croix, the Consistory and Aleppo Temple. A member of the Andover Male Choir, he was a captain in the Auxiliary Police and was a retired captain of Battery C., Massachusetts National Guard.

He is survived by his wife, Elsie (Pendlebury) Mowat; a daughter, Joyce, wife of Earl Simon of Andover; his father, John W. Mowat and a brother, William Mowat of Summit, N.J.

The funeral was held Saturday, July 8, at 2:30 p.m. in Christ Episcopal Church. Burial was in Ridgewood Cemetery, North Andover.

LEO J. LAMONTAGNE

Leo Joseph Lamontagne, 32, 61 Genesee st., Lawrence, a native of Andover, died unexpectedly July 4 at Bon Secours Hospital, where he was taken in the Lawrence Fire Department ambulance.

Born here, he had lived in Lawrence for most of his life. He attended Sacred Heart grammar

school in Lawrence and was self employed as a sidewall applicator. He enlisted in the Army April 4, 1951 and received his honorable discharge March 26, 1953. He served in Germany, and was a private, first class.

He is survived by his wife, Edna (Hamel) Lamontagne; a son, Leo J. Lamontagne Jr.; three sisters, Jeanette, wife of Louis Quintal, Rita, wife of Edward Pare and Mrs. Simone Kilanka, all of Lawrence; five brothers, Wallace of Andover, Marshall of Dorchester, Wilfred of Wallingford, Conn. and Frank and Wilbur, both of Lawrence; also several nieces and nephews.

The funeral was held from the late home Saturday, July 8, with a solemn high Mass of requiem at 9 a.m. in Sacred Heart Church, Lawrence. Burial was in the Sacred Heart Cemetery.

LEWIS W. MUISE

Lewis W. Muise, 65 Park st., died Tuesday morning at the Lawrence General Hospital, following a long illness.

A lifelong resident of Andover, he was a retired, self-employed carpenter. He attended St. Augustine's Church and was a member of American Legion Post 8, as a veteran of World War II.

He is survived by his wife, Eva (Zecchini) Muise; two daughters, Mrs. Robert T. Volker and Miss Beverly A. Muise, both of Andover; two sons, Myron II. and Ronald A.; two sisters, Mrs. Bert Wheeler and Miss Genevieve Muise; also four grandchildren and several nieces and nephews, all of Andover.

The funeral will be held Friday with a high Mass of requiem in St. Augustine's Church. Burial will be in Spring Grove Cemetery.

Friends may call at the Lane Funeral Home today from 2-4 and 7-10 p.m.

SUSAN BIRD ON DEAN'S LIST

Susan E. Bird, daughter of Mr. and Mrs. Johnston Bird, 18 Alden rd., has been named to the Dean's List of the Rhode Island School of Design in Providence, R.I., for the second semester of the 1960-61 academic year.

The Dean's List is made up of students who have distinguished themselves academically and in other ways at the College. About ten per cent of the student body is named to the List each semester.

BOWLED WELL, BUT IT DOESN'T COUNT

Bowlers in the Mixed Couples League celebrated a "Crazy Hat Night" recently, and it turned out to be, indeed, a "crazy" night for Al Smeltzer.

He hit for eight spares and two 10-boxes, and a total score of 164. But the score didn't count in the League records, as it had been agreed that the bowling was purely for fun, not statistics.

Dear friends,

Punctuality is of prime importance in a funeral service. This essential respect is due the deceased. The service should start promptly at the hour set.

We have always had co-operation from the clergy, musicians, and others identified with the service. Families, too, are invariably ready when our cars call.

Promptness helps to provide a respectful, dignified funeral service.

Colorful Gulls Soar Serenely

The most colorful gulls in the
world are soaring over local skies
these days now that the Massachu-
setts Audubon Society's gull pro-
ject is well underway. The red,
blue, green, black, and orange
birds are a spectacular if some-
what unorthodox sight.

It is hoped that before the sum-
mer is out, 10,000 gulls of the
24,000 known nests in eastern
Massachusetts will be banded,
and it is hoped too that people
spotting these "strange" birds will
contact the Massachusetts Audubon
Society, and not their opticians.

Thus far newspapers in coastal
communities from Providence to
Bangor have been besieged with
calls from unnerved citizens who
doubt their own eyesight. If further
inquiries will be directed to Audu-
bon Society headquarters in South
Lincoln, the callers will be assist-
ing in a project which is of para-
mount importance. The questions
asked of them will be: the color of
the bird they saw - the date and
place - whether the bird was loaf-
ing, flying, or feeding - how many
there were - etc. When data is all
compiled, Dr. William H. Drury
Jr., head of the Society's Research
Department and in charge of the
operation, hopes to know much
more about the herring gull - its
migration habits - resting and
feeding areas - breeding grounds.
The project was started in an
attempt to learn where the gulls
that are harassing aircraft at
Logan Airport come from.

19 Story hour for all boys and girls, 10:15 a.m.

Summer Hours

The adult room is open Monday through Friday, 10 a.m. to 9 p.m. as usual.

The Children's room is open on those days from 10 a.m. to 12, and 2-5 p.m.

Both rooms are closed Saturdays, Sundays and holidays in the summer.

Littlest Listeners

This summer the library is suggesting that mothers of children who will have passed a third birthday before October fill out a pre-registration slip at the library, if they wish their children to attend one of the Littlest Listener groups in the fall.

It has proven very successful in bringing together parents who live in the same area and who may take

turns in bringing the children to the meetings. Final details as to the opening dates are left until the end of summer, and parents will be notified as to the name of the group into which a child has been placed.

For the newcomers to the community, this explanation of the purposes of "Littlest Listeners" may be of interest. Each year children aged three to five are invited to take part in a group which meets every other Wednesday morning in the Memorial Hall Library, or every other Thursday, if residents of Ballardvale, from 10 to 10:45 a.m.

The program is prepared to give the children experience in sharing and they learn to listen, to act out simple stories which they have heard, to follow directions, and to learn simple games. For many children, this is the first adventure in social experience as they meet with others of their own age.

For full information, mothers should ask at the desk or call the library.

Story Hour

Each story hour this summer is following a theme. Those young listeners who attend the July 19 hour at the Memorial Hall Library will hear a number of tales selected from the "Story Hat". All young people are invited. Story hours are held every Wednesday through Aug. 30, except for the morning of Aug. 2, when there will be a program of movies instead. No tickets are required for any of the vacation programs.

Vacation Loans

Remember that the library provides a vacation loan service which entitles readers who wish a longer loan period to take certain books out in numbers, all to become due on Sept. 15.

New books and books in special demand for required reading etc. are not included in the vacation privilege. Borrowers are reminded that they must ask for the vacation loan each time that they charge out a book. It is not an automatic procedure.

For Music Lovers

Interest in music is constantly shown by those who select books at the Memorial Hall Library. Although the recorded music is first choice of those who have the equipment to enjoy the wide variety of albums available, there are still many who find their greatest pleasure in the book form. There are a number of recently published guides to help the music lover to increase his capacity for

understanding and enjoying music. "Music For Family Fun" by Harriet Barbour and "What To Listen for in Music" by Aaron Copland are among these. Leonard Bernstein's "The Joy Of Music", a best seller when it was published in 1959, is still popular. In the Bernstein comments in a brilliant fashion on conducting, Bach, opera, modern music, musicians, etc.

A book for opera lovers is Milton Cross "Favorite Arias From The Great Operas."

History of music is well expressed in Paul Lang's "Music In Western Civilization."

For the jazz enthusiasts, the library offers Hughes Panassies' "The Real Jazz", Studs Terkel's "The Giants Of Jazz" and Marshall Stearns "The Story Of Jazz."

And these should receive attention from readers who enjoy music. "Copland On Music", by Aaron Copland, "The Rogers and Hammerstein Song Book" by Richard Rodgers and Helen Traubel's own story, "St. Louis Woman."

Cavallaro Received Master's Degree

At the University of Massachusetts in Amherst, Sebastian J. Cavallaro was among those candidates receiving Master of Science degrees in June.

Mr. Cavallaro has been a graduate assistant in the Department of Agricultural and Food Economics for the past two years and did graduate work in Agricultural Economics and Business. He recently accepted a position at the University of Massachusetts faculty as a Dairy Marketing Specialist.

Mr. Cavallaro is married and has two children. He is the son of Mr. and Mrs. G. J. Cavallaro, 468 South Main St.

SELECTMEN APPROVE MORE PARKING

(Continued from Page One)

half-day meters in the mall. The manager had suggested this step, and had discussed it with state traffic division officials in relation to getting the state's approval.

Selectman William Stewart pointed out that most of those parking in the mall are office workers, and residents of the town. It was noted that many employees of the Insurance Company use the parking area because it is not filled with Raytheon Co. cars.

Board members thought that metering the area would simply drive out the 35 cars parked there all day now, and that these vehicles then would be parked on the street.

THE NEW NEW ENGLAND

Vacation Travel = BIG Business

New England plays host to more than 8,000,000 visitors each year. A billion dollar business in our six states, vacation travel is second only to manufacturing as the region's largest dollar earner.

While most of the vacationers presently come from the Northeastern United States and Eastern Canada, 600 mile-an-hour jet planes are extending New England's potential market even to the most distant states and other countries.

No other section of the United States has so much to offer the vacationer in so compact a package. As naturally endowed as Marilyn Monroe, New England has sparkling ocean beaches, peaceful lakes and streams, rugged mountains (16 of them over 5,000 feet), verdant woodlands, summer and winter sports, plus countless historic and cultural attractions. You name it and New England has it — all within an easy day's drive.

Vacationists' dollars filter down to practically all segments of our economy. Every one of us should be a helpful and courteous member of a vast New England reception committee to help the visitor feel at home and make him want to return.

This message was prepared by The New England Council for Economic Development and is published by this newspaper as a public service in cooperation with the New England Daily Newspaper Association and the New England Weekly Press Association.

History of music is well expressed in Paul Lang's "Music In Western Civilization."

For the jazz enthusiasts, the library offers Hughes Panassies' "The Real Jazz", Studs Terkel's "The Giants Of Jazz" and Marshall Stearns "The Story Of Jazz."

And these should receive attention from readers who enjoy music: "Copland On Music", by Aaron Copland, "The Rogers and Hammerstein Song Book" by Richard Rodgers and Helen Traubel's own story, "St. Louis Woman."

Cavallaro Received Master's Degree

At the University of Massachusetts in Amherst, Sebastian J. Cavallaro was among those candidates receiving Master of Science degrees in June.

Mr. Cavallaro has been a graduate assistant in the Department of Agricultural and Food Economics for the past two years and did graduate work in Agricultural Economics and Business. He recently accepted a position on the faculty at a Dairy Marketing Specialist.

Mr. Cavallaro is married and has two children. He is the son of Mr. and Mrs. G. J. Cavallaro, 468 South Main st.

SELECTMEN APPROVE MORE PARKING

(Continued from Page One)

half-day meters in the mall. The manager had suggested this step, and had discussed it with state traffic division officials in relation to getting the state's approval.

Selectman William Stewart pointed out that most of those parking in the mall are office workers, and residents of the town. It was noted that many employees of the Insurance Company use the parking area because it is not filled with Raytheon Co. cars.

Board members thought that metering the area would simply drive out the 35 cars parked there all day now, and that these vehicles then would be parked on the streets.

MAYOR OF ANDOVER SENDS GREETING

(Continued from Page One)

to all your citizens? At the moment I am in touch with one who is on holiday in England, in the hope of arranging to meet her. I also understand that one of our citizens is visiting you with some colour slides of Andover, including some

of my mayor-making. I do hope you will enjoy them." Mrs. Machin's reference to mayor-making apparently refers to the ceremonies surrounding her installation as mayor earlier this year. The Selectmen sent official congratulations to Mrs. Machin at that time.

not have jurisdiction over the public road that now exists.

This brought a severe complaint from Selectmen William Stewart that the Planning Board should at least inform other boards of such problems, instead of simply "going along" with their own business. He complained about a "lack of cooperation" in this regard.

The Woodland rd. problem, it was explained, is not a new one by any means. Building Inspector Ernest N. Hall discussed the situation with residents last year, and at that time it was thought that possibly the hedge might be transplanted in an area more remote from the road.

Town Manager Thomas E. Duff said he now has some doubt of the ownership of the land along the roadway, and this is the first question to be answered.

If it is privately-owned, he said plans must be made to acquire whatever land is needed, and appropriations must be requested at town meeting.

The Selectmen promised to go forward with whatever plans are needed to have the road straightened.

Mr. Moody told the Board that it appeared to him that the sub-division is being rushed through, and that it should be slowed down until any problems of this nature are solved. He thought that this would be better than having to eventually meet the situation, after the sub-division is completed. His thoughts were also directed towards any drainage improvements that may be required within the development.

Resident Joins Realty Firm

F.M. and T.E. Andrew Realty Corporation, 316 Essex st., Lawrence, has elected Frederick W. Bradley of Andover as executive vice president.

Mr. Bradley has been associated with National College Program Inc., Boston, as vice president. Prior to that, he was with National Starch and Chemical Corporation, New York, serving in various executive capacities, including that of manager of the New England Division. He is a graduate of The Wharton School of Finance and Commerce of the University of Pennsylvania.

He has resided in Andover for the past 15 years and currently lives at 7 Central In. He is married to the former Mary Elizabeth Washbaugh of New Wilmington, Pa. They have two children, a daughter Susan, and a son, Frederick W.Jr.

What Our Readers Say—

To the Editor of the Townsman: "At a session of Andover's recent annual town meeting, a member of the chief executive officers of Andover spoke up in favor of giving each individual voter the opportunity to be heard in town meeting. That makes remarkable the following:

"At this year's meeting, one microphone was supplied for about each six town officials present, whereas the voters had to get along with but one microphone for about each 150 people. And to get to those, it often meant a struggle over several people before free walking space was reached, not to mention a walk of up to 100 feet after that to reach the point of amplification.

"Most voters would probably agree that talking should be made as easy and comfortable for the people as it is for the officials. After all, it's the people's meeting, not their officials'.

"Accordingly, it would appear that the floor of both the auditorium and the gymnasium, into which it opens, should be wired with receptacle outlets into which microphones can be readily plugged, without having to clutter the floor with connecting wires and their hazards to walking.

"It's proposed that five outlets be spaced equally in each of the four aisles leading to the front of the auditorium. Three more outlets should be placed in the floor between the front row of seats and the stage. Five outlets should be in the area of the front railing in the balcony section, as well as five outlets in the large aisle running across the center of the balcony.

"Then at least 12 outlets should be in the gymnasium floor; six lecterns should be supplied so that those talking have some place to rest their material.

As people assemble, they should be encouraged by sign and otherwise to leave every second or third seat empty, thus making it easier to get into the aisle to get to a microphone. They should also be encouraged to take seats on the gymnasium floor, where microphones would then be readily available.

"This would give us some sound improvement in sound conditions.

"And in passing, it seems long overdue, but somehow the Town still lacks a suitable map for discussion of its zoning and other problems. Hence it's suggested that the Planning Board obtain a map of, say, seven feet by 14 feet, upon which can be placed removable colored tape to outline all areas that come up for discussion from time to time. Of course, a suitable pedestal should also be obtained for holding and adjusting the height of the map."

WHY I RISK DEATH

LEE DARLING is asked many times throughout a year, "Why do you risk death and take risks of permanent injury when you do Automobile and Motorcycle stunts?" Lee, a professional stunt man who is no wild jockey but a highly sensitive man, fully aware of facing death every time he does a thriller, says: "I drive for money - the pay is good - and I can't do anything else." Lee is one of the dozen stunt men who will appear with the Combined Stock Car Auto Racing and International Auto Daredevil Show at the WEST PEBODY SPEEDWAY, 8:30 P.M., SATURDAY, JULY 15th. Adult admission is \$2.00, kids - 75 cents.

License Request Tabled By Board

The Selectmen have tabled a request from the Neighborhood Market on Juliette st. for a beer and wine license.

Without much discussion, the Board agreed Monday night to put off a decision on the application temporarily.

The license became available following the granting of a full-alcoholic package store license to Franz Variety, which formerly held the limited license.

The Neighborhood Market - Mary Misenti, owner - applied for the all-alcoholic license when it was available. At that time, there was some discussion about the market being a non-conforming use in the neighborhood, and whether an Appeals Board decision would be needed.

Franz, associate professor of history at Gordon College, is leading the academic seminar.

Permits Issued For P.A. Buildings

Construction valued at over \$2,500,000 has been approved for Phillips Academy by the building inspector.

Ernest N. Hall has given permits for the new science building, \$1,037,837; arts and communications building, \$737,336; alterations at George Washington Hall, \$250,527. A fourth permit, a renewal, is for a dormitory, costing over \$500,000.

The George A. Fuller Construction Co. of Boston will build the structures, designed by Architects Collaborative of Boston.
